Board Policy

Food Service Operations/Cafeteria Fund

BP 3551

Business and Noninstructional Operations

The Governing Board intends that, insofar as possible, school food services shall be a self-supporting, nonprofit program. To increase cost effectiveness, the Superintendent or designee shall centralize and direct the purchasing of food and supplies, the planning of menus, and the auditing of all food service accounts for the district.

(cf. 3100 - Budget)

(cf. 3300 - Expenditures and Purchases)

(cf. 3311 - Bids)

(cf. 3550 - Food Service/Child Nutrition Program)

Meals may be sold to students, district employees, Board members, and employees or members of the fund or association maintaining the cafeteria. (Education Code 38082)

In addition, meals may be sold to other individuals and organizations who are on campus during meal times for a legitimate purpose, such as classroom volunteers, parents/guardians, or student siblings.

The Superintendent or designee shall recommend meal prices for students and nonstudents for approval by the Board. Students who are enrolled in the free or reduced-price meal programs shall receive meals free of charge or at a reduced price in accordance with law, Board Policy, and Administrative Regulation.

(cf. 3553 - Free and Reduced Price Meals)

Any meals served to nonstudents shall not be subsidized by federal or state reimbursements, food service revenues, or U.S. Department of Agriculture commodities.

Program financial reports shall be presented regularly to the Board.

(cf. 3460 - Financial Reports and Accountability)

To enhance the ability to educate students by providing a school meal whenever possible and create a consistent policy throughout the district, the following policy shall apply to students who have no money to pay for a breakfast or lunch.

The Student Nutrition Department will extend credit to any student without lunch or without lunch money for up to ten (10) charges. The following procedure will apply to all students: First, a meal reminder notice will be sent home with the student when his/her account balance has

\$5.00 remaining. If funds are not received and the student account has no money the student will be asked to go to the school office to call his/her parent for direction. The Cafeteria Staff/Manager in charge will mail a follow-up notice to the parent informing them of account balance and district charge policy. The student will be able to charge a meal or meals until they reach the ten (10) charge cap. If no funds are received prior to the (10) charge cap worth of charges, the student will receive an alternate meal upon request. The Cafeteria Staff/Manager or Principal will call the parent advising them that they must send money or a meal with their child. All charges need to be paid in order for students to receive their report cards at the end of the year, or to check out if transferring to another school.

Cafeteria Fund

The Superintendent or designee shall establish a cafeteria fund independent of the district's general fund.

The wages, salaries, and benefits of food service employees shall be paid from the cafeteria fund. (Education Code 38103)

Contracts with Outside Services/Providers

With Board approval, the District may enter into a contract for management consulting services related to food service on a year to year basis.

(cf. 3600 - Consultants)

With Board approval, the District may enter into a contract with a private company that enables a school to operate a franchise offering fast food items for sale to students. The franchise agreement and food purchases shall be subject to the competitive bidding requirements of the National School Lunch and School Breakfast Programs.
