ADDENDUM 1

Respondent question:

Section 9: Fee Proposal in the Body of Submittal, and as this is a part of the scoring; we are asked to provide a fee structure for each of the project types outlined in Section II of the RFQ. Does this mean that we are to provide percentage of construction costs for each task we would be responsible for on each project?

Answer:

Yes, utilizing the types of projects listed in Section II. Facility and deferred maintenance modernizations, Technology upgrades, etc...provide the A/E firm's average fee structure for each type and the basis of how you arrive at that percentage. Also, provide the firm's hourly rates by position.
