## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Students who attend Bear River School receive an exemplary education and an opportunity to expand academically. In addition to providing excellent core classes (language arts, math, science, and history), we offer a choice of electives. Our electives include choir, band, technology, computer animation, BRTV, art, video editing, PE games, ag projects (shop), horticulture, yearbook, leadership, STEM and Renaissance. We have many after school activities, including an excellent sports program and an award winning FFA program. Students also have the opportunity to expand personal skills through our Leadership classes. Leadership students are given opportunities to be mentors, school officers, program activity directors, peer mediators, and much more. Bear River has been working with Wheatland High School to create CTE pathways for our students. These pathways allow students to accelerate their academics. Our student achievement scores have a history of being the highest in the local area. As a result of the school's outstanding academics and programs, Bear River was recognized multiple times with the Title 1 Academic Achievement Award, California Distinguished School Award and the California State Golden Ribbon Award.

The school is seventeen years old, and we are very fortunate to have a beautiful facility. We have a full-size gymnasium, which includes a weight room. The gym is wired with a large video screen and a complete audio-visual system. On the blacktop the students have access to eight full-court basketball courts, two wall ball courts, three tetherball courts, four square areas, and a grass football/soccer field.

One of our strongest assets is our student motivation and rewards program called Renaissance. We recognize our students for their efforts as well as their achievement by giving rewards at break, at lunch, and at our trimester Renaissance Rallies. Another wonderful component of our school is the Family Resource Center (FRC), which provides assistance and resources for families. The FRC is also a haven at lunch time, break, and after school for students. The FRC facilitates case management for students, including connecting families to county resources and acting as a liaison between parents and school. The FRC monitors grades, behavior, and attendance for at-risk students. It also provides supervision of recreational activities. All four of Wheatland School District schools offer an ASES after school program. WSD's After School C.A.R.E. (Clubs, Academics, Recreation and Enrichment) Programs start on the first day of school and end on the last day of school, open Monday through Friday from the end of the school day until 6:00 PM. C.A.R.E. is open on minimum days at the early dismissal time and is closed on school holidays. After School C.A.R.E. offers cycles of academic (e.g. homework, remedial, and GATE-like classes) and enrichment (e.g. theme-based arts and crafts, STEM, and physical education activities) components. Students enrolled in the district and who are entering grades Transitional Kindergarten through 8 in the fall are eligible to participate. Furthermore,

## 2022-23 School Overview

the After School Program sponsors a highly recognized Camp program (a full day program of at least 6 hrs), offering the only summer activity option for most district children.

At Bear River School we strive to make all students feel welcome through our Peer Leaders Uniting Students (PLUS) program. The mission of PLUS is to serve as a means for students to develop an understanding of who they are, rather than what they are. It is a platform for students to express their individuality, while identifying similarities with those around them. The overall purpose of PLUS is to stimulate conversations between students who have never spoken together before. Students who engage in PLUS activities will develop a sense of belonging. PLUS empowers students to lead, educate, influence, and support their peers. It also provides an ongoing plan that enables our school to address all issues that affect students' learning environment. Our wonderful students, families, dedicated teaching team and support staff make Bear River School a fabulous place to work and learn.

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## School Facility Conditions and Planned Improvements

Bear River School is seventeen years old. It is an immaculate campus. The campus has a wide-open feel but is equipped with appropriate lighting and has security cameras in strategic areas to promote safety. Bear River has site-established cleaning standards and four full-time custodians. The campus is always well maintained and classrooms and bathrooms are cleaned daily. Only minor repairs to the carpet and weather stripping in some of our classrooms are necessary due to usual wear and tear. There is adequate room for all students in classrooms, on the playground, and in the eating areas. We have a fully functioning kitchen and multipurpose room with plenty of tables and room to sit. We also have an outstanding full-size gymnasium that is used for school sports programs and for community events. There is room behind our campus for future expansion of our school or for sports fields and other extracurricular activities. Several years ago, the school added solar parking structures to move to a more green approach to maintaining our planet and its resources. This parking structure helps to reduce the buildings dependence on fossil fuels and educate students on conservation efforts for our planet.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	50	N/A	53	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	38	N/A	43	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade 7	96.8%	96.8%	96.4%	96.4%	95.6%

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Our school's annual site plan and school site budget approvals are made by our School Site Council. The Site Council is comprised of parent members, certificated staff, classified staff, student body representatives, and site administration. We have a District English Language Advisory Committee to help students and their families who are learning English feel welcome at our school. Parents can sign up to volunteer in their areas of interest at our school, the sign-up form is also available online. After collecting data at school events, the office gives teachers the list of parents who are interested in volunteering in their classroom or for particular events. The school recognizes volunteers at trimester rallies for their service and donations. Please contact the office if you would like to volunteer, (530) 633-3135.

## C. Engagement

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
<b>Suspensions</b>	3.23	1.60	2.45
<b>Expulsions</b>	0.15	0.07	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

## 2022-23 School Safety Plan

Bear River School provides a safe and clean environment for students, staff, and volunteers. We provide supervision for our students before, during, and after school. There are designated areas for student drop off and pick up. Bear River School is a closed campus. For security purposes, all visitors are required to sign in at the office while on school grounds and all volunteers are required to have Department of Justice clearance through fingerprinting.

The school safety committee meets to discuss safety on campus. The committee works with the vice-principal to develop scenarios so that staff can practice emergency procedures during faculty meetings. The district contracted with D-Prep to evaluate our emergency preparedness plan and identify strategies for improvement. D-Prep also provided staff training in the implementation of the safety plan. The School Safety Plan is updated yearly.

The campus is fully equipped with a video monitoring system to help monitor all outdoor areas. There is a live feed of the entry points in the school office.

Bear River holds monthly Fire Drills and at least 3 Lock-Down Drill yearly. The school works collaboratively with Wheatland Fire and Police Departments to coordinate emergency preparedness.

## 2019-20 Secondary Average Class Size and Class Size Distribution

## 2021-22 Types of Services Funded

We use School Improvement funds and grant money to purchase supplies for elective courses, including horticulture, music, band, and foreign languages. Title I money is used for staff training, particularly for Curricular alignment to Common Core training and effective instruction support. School Improvement funds and state funds, which are designated for specific purposes, are used to purchase technology. We continually update our library with books that support our Accelerated Reader program.

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Bear River School and Wheatland School District are dedicated to the educational development of teachers and staff. Seven staff development minimum days are scheduled yearly, designed to enhance the educational experience of our students. During the minimum day release, staff evaluate student data to develop interventions, work with curricular maps, and meet with consultants to enhance instructional strategies. Teachers tackle the areas of Common Core curriculum, school safety, state testing demands, and emotional student needs to develop a program that looks to educate the whole student. In addition to these on campus opportunities, staff attends best practice conferences ranging in topics from 504 and special education implementation, military student support classes, as effective instructional practices.

Teachers are supported throughout the implementation process through a combination of peer led trainings and meetings, as well as administrative coaching. Performance data is evaluated often to ensure the continued growth of our programs and provide opportunities to address student needs through our continued professional development.

This table displays the number of school days dedicated to staff development and continuous improvement.
