2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Our school has been a three-time Title I Academic Achievement Award winner, a California Distinguished School, a California Purple Star School and a multi year California Honor Roll school. Our staff believes that our assessment scores and student progress are due to collaboration with effective instructional strategies, program planning and sequencing in both language arts and math, Response to Intervention (RTI) academic programs and our social-emotional skill supports in place for students. As a district, we adopt curriculum that is state adopted and standards-based. Computer-based programs are used to supplement curriculum. We hold student Renaissance rallies and recess activities to recognize student achievement with academics, attendance and behavior elements that, together, help us to encourage and support the growth and success of the whole child. We work diligently with our district and local health officials for health protocols with a keen focus on optimizing instruction and school activities for students.

Lone Tree welcomes parents and community volunteers on our campus. It is part of our mission to team with families to create the best educational environment possible for our students.

Our school is successful with the award of two DoDEA grants: Play and Learn Squad (PALS) 2020 - 2025 for social emotional learning and physical wellness and TEAM STEAM 2022 -2027 for a science, technology, engineering, art and math center on campus for the benefit of standards based lessons with student activity enrichment.

All four of Wheatland School District schools offer an ASES after school program. WSD's After School C.A.R.E. (Clubs, Academics, Recreation and Enrichment) Programs start on the first day of school and end on the last day of school, open Monday through Friday from the end of the school day until 6:00 PM. C.A.R.E. is open on minimum days at the early dismissal time and is closed on school holidays. After School C.A.R.E. offers cycles of intervention academic and enrichment (e.g. theme-based arts and crafts, STEM, and physical education activities) components. Students enrolled in the district and who are entering grades Transitional Kindergarten through 8 in the fall are eligible to participate. Furthermore, the After School Program sponsors a highly recognized Camp program (a full day program of at least 6 hrs), offering a summer activity option for district children.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Lone Tree School was built in 1948. In 2002, all roofs and heating, ventilating, and air-conditioning systems were replaced. In 2007, all electrical transformers were replaced and major electrical work was conducted under critical hardship funds. Projects for 2010–2011 included a parking lot renovation, further playground updates, replacement of all outdoor water fountains, installation of campus cabling for technology, overhaul of classroom electrical supply and sources, and a kitchen upgrade with flooring and equipment. New energy efficient lighting was added in 2014 to the entire campus to continue our progress towards an environmentally friendly campus. Lone Tree has a unique cafeteria mural which depicts the aircraft assigned to Beale Air Force Base. In 2016, we added an entry way mural for those coming into our driveway to further enhance our connectivity with our base location. In 2017, we began updating restroom lighting and restroom faucets. We also began a phased painting of the campus exterior. In 2018 we installed filtered water bottle filler stations in four locations on campus, continued exterior painting and continued mural painting on exterior building walls. In 2019, we added another student art mural, updated the phone system district wide and updated audible horn systems for exterior campus notifications. As part of our 2020/2021 site improvements, we have updated our HVAC systems with ionizing devices and continue painting our buildings. For 2021/2022, we updated carpeting in our Kindergarten building and TK-2 Learning Center. Our campus student-created murals are added each year to adorn our campus, with the most recent artwork to represent the water cycle. We aim for our school to be clean, safe, and functional within the available resources. Our site has established cleaning standards. A summary of these standards is available through the site administrator. We give food service and restroom facilities the highest priority on a daily basis to ensure the health and safety of students and staff.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	67	N/A	53	N/A	47
Mathematics (grades 3-8 and 11)	N/A	57	N/A	43	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Our school's annual site plan, safe plan, English language acquisition plan and required site budget item approvals are made by our School Site Council, which always includes parent members. Our District English Language Advisory Committee is a collaborative opportunity to have input for school programs to support English Learners while encouraging family and student connectivity to school. Teachers connect with families and work with parents to build a communication network for the benefit of the student. The school utilizes an electronic newsletter with active information links. We encourage parent and school engagement through after school activities through music programs, fall carnival, winter parent and student dance, spring STEAM event and student Renaissance rallies. Our parents are active volunteers and we enjoy the positive support with classroom helpers, fund-raiser assistance, field trip chaperones and more. Classroom and campus volunteers are always welcome and needed. To find out how you can volunteer at our school, please contact Mrs. Jacklett, campus administrator, at (530)788-0248.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.49	1.60	2.45
Expulsions	0.00	0.07	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Our classrooms are open 15 minutes before school begins. We have a supervised, district complimentary breakfast program. Staff members monitor the parking lot before school and immediately after dismissal. We have a closed campus, and all visitors must register with the office. We hold monthly fire/earthquake drills monthly and a minimum of three safety lockdown practices annually. Our safety plan is updated annually and we have work with a military base liaison to coordinate the plan with outside agencies. All administrators completed a disaster safety course with DPREP in the past and conduct annual staff training at the site. The site administrator attended ALICE training. We continue to work with Beale Air Force Base to practice and revise elements within our safety plan. Staff is visible and integral in daily dismissal procedures.

2021-22 Types of Services Funded

Funds are expended to maintain our evolving student-success centered programs. Portions of the money are spent on staff training programs to help teachers continue to grow and keep pace with digital classroom. We also place classroom teaching assistants in lower grades and continue our Life Skills student support program. Dollars are spent to ensure student progress software upgrades, purchase library books for continual student use for Accelerated Reader and literary experiences, keep student-centered materials up to date and in ample supply, and maintain a media for school wide virtual field trips. Technology plays a vital role on our campus, and funds are continuously set aside for technology maintenance and upgrades. Classroom technology that incorporates student participation, such as document cameras and televisions for visual lessons, are in place. All 1st through 5th grade classrooms are outfitted with one to one student tablets and all TK/K has access to tablet centers and mobile carts for student use. Social-emotional programs are in for the forefront of our school supports with expenditures befitting growth in this area, including the expansion of our school social emotional learning instruction. Finally, Lone Tree supports incentive programs through our district-wide Renaissance program.

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Lone Tree School and Wheatland School District are dedicated to the educational development of teachers and staff. Seven staff development minimum days are scheduled yearly, designed to enhance the educational experience of our students. Through after school workshops, staff evaluates student data to develop a continuing educational plan to meet the needs of the constantly changing student population. Teachers tackle the areas of Common Core curriculum, school safety, state testing demands, technology updates and implementation and look at social-emotional student needs to develop a program that looks to educate the whole student.

In addition to these on campus opportunities, staff attends best practice conferences ranging in topics from Common Core, classroom behavior support, student support services, special education law, military student support classes, as well as county developed trainings. The Lone Tree team works hard to not only collaborate with campus staff, but with the surrounding communities to develop a top notch program.

Teachers are supported throughout the implementation process through a combination of peer led trainings, trainings and meetings, as well as administrative observations. Data is evaluated often to ensure the continued growth of our programs and provide opportunities to address student needs through our continued professional development. Our district nurse and site health aide train our staff for student medical needs and continue to assist staff with safety protocols for an overall prepared campus with regard to health safety measures. Further, instructional staff receives technology training to reimagine the content and presentation of learning opportunities with expanding their repertoire of platforms and resources for students.
