# Staff Appreciation Week

I would like to thank all staff members for all you do!. Not only for everything you do all year, but also all that you are doing now under these crazy conditions. This was Staff Appreciation Week and please know how much I personally appreciate all of you! You are MY family! I am so proud of all of you whether you are a Teacher, Para Educator, Custodian, Confidential Employee, Maintenance Worker, Grounds Staff, Secretary, Psychologist, Counselor, Nurse, Health Aide, Kitchen Worker, Bus Driver, Mechanic, Classified Managers, Principals, Assistant Principal, Tech Staff, Preschool Employees, Board Member or Health Aide, Librarian, Yard Duty Supervisors, FRC Employees, Speech Therapists, After School Staff, or any other position I did not mention! I could not be more honored to work with such an amazing group of people then I am of all of you. Enjoy some of the pictures (Please know I do not have photos of everyone as I rely on you to send them to me. Plus it that would take a ton of slides but know just cause you are not pictured does not mean you aren't honored and loved). Finally, please know we can not wait to be back with all of you soon. Thank you again!!!!

NATIONAL  
NURSES WEEK

Why we do what we do!

Everyone is applauding everyone but our children. These little heroes have stayed indoors more than they've ever known in their lives. Their whole worlds have literally been turned upside down and they don't know why. All these rules they've never known. Not being able to see family or give hugs. Vacations, sports and activities, play dates and school canceled. Adults talking about others becoming unwell, news reporting death after death. Our poor children's minds must be racing. Every day their resilient little bodies get up and carry on despite all that's going on. So here's to our little heroes: today, tomorrow, forever

...a fun place to  
play and learn!

Ms. Brandow had Mrs. Morse as a guest artist today! They are reading a story about bees in our Wonders Curriculum Book and found this project to go with it!

Students from Ms. McCourtie's class taking Flat Ms. McCourtie on adventures around their homes.

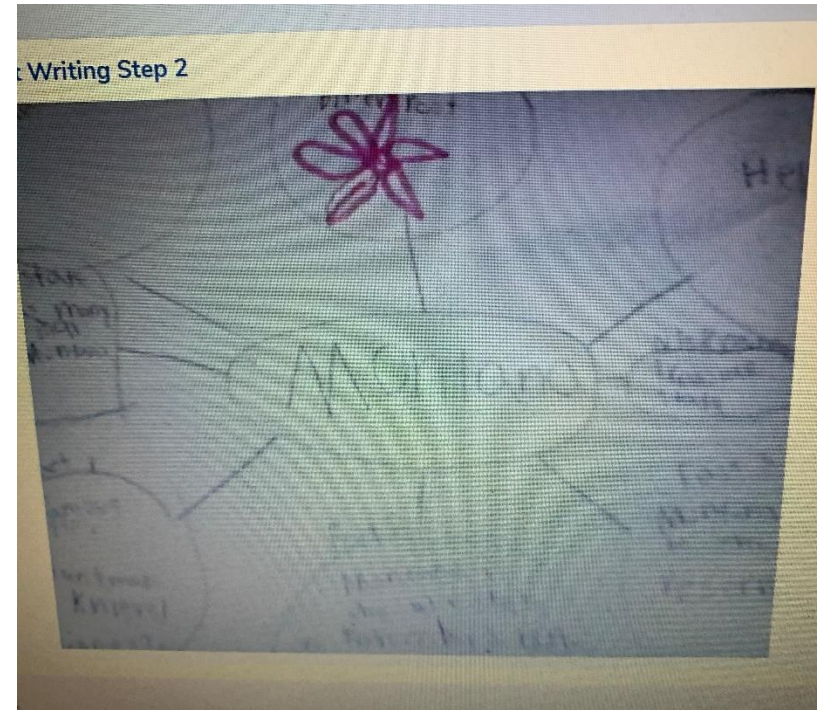

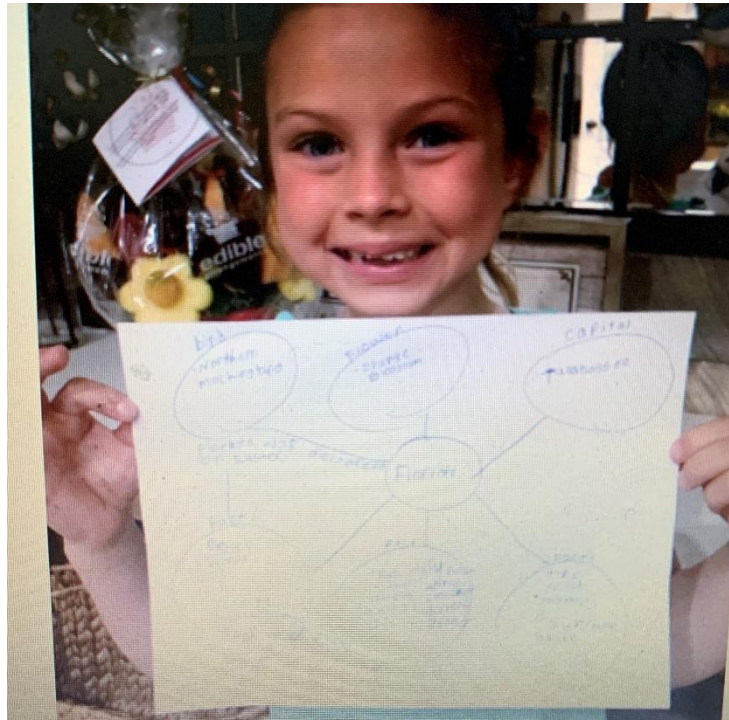

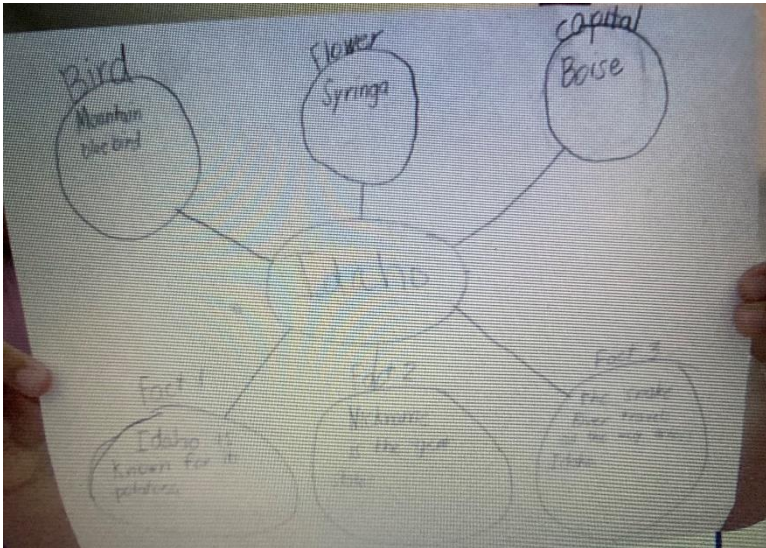

Our 2nd graders have been working on U.S. Symbols and now they have all chosen a state to research for their 2nd Grade State Reports. Distance learning has not slowed us down! Next week, we should have some final projects to share.
