We Miss You All!!!!

Went on a lovely walk yesterday afternoon, and seeing this beautiful rainbow with the symbol of hope, it is a reminder that the sunshine comes after the rain!!! – A Staff Member

Hoping for a brighter future!!!

Stuck at Home?
or
Safe at Home?
Mindset Matters!

School is NOT closed for the year. The building is. If you listen closely you can hear the hum of hard working teachers, administrators, and support staff preparing to save the day in ways and means never seen before. Yes, we are brokenhearted, but these broken hearts will lead

I will teach you in a room
I will teach you now on Zoom
I will teach you in a house
I will teach you with my mouse
I will teach you here or there
I will teach because I care ❤️

We all want to keep our students safe, and we will get through this together.

Feeding the Students is a lot of work but very rewarding

Lunch is set for the weekend. As you know we are feeding students 7 days a week

Thank you Nikki and Tasha for all your hard work!!!!

Board Member Nikki Crabb has been working the lunch sessions every day. One student labeled her the new Lunch Lady

Passing out lunches everyday is a lot of work but preparing them is unbelievable and our staff is doing an amazing job!!!

Hard at Work!!!

This picture is all about how we are going to get through this together even though we are apart. It's really about the shamrock in the window, how fast the word spread and how badly communities wanted to do something fun for the children! Rylan counted 73 shamrocks that day and he wrote the number for each one of them in his journal. This is why we will get through this!

We "Chalked Our Walk" to encourage and uplift our neighbors as they walk by.

We enjoyed learning how to use Zoom! I loved seeing my students and watching my daughter's face light up when she saw her friends. ❤️📺
